FIXING POWER UNIT

The diagram shows an exploded view of a mechanical assembly. At the top, there is a grid of 18 individual components, each with a number: 14, 24, 15, 16, 18, 30, 31, 32, 48, 34, 43, 35, 37, 44, 36, 39, 40, 47. Below this grid is the main assembly diagram. It features a central motor or actuator (1) connected to a lever arm (39) which pivots on a pin (37). This lever arm is part of a larger mechanism (4) that interacts with a base plate (10) and a mounting bracket (2). Other components include a spindle (12), a nut (13), a washer (15), a spacer (22), and various screws and bolts (e.g., 14, 16, 18, 20, 24, 30, 31, 32, 33, 34, 35, 36, 37, 39, 40, 43, 44, 45, 46, 47, 48). The assembly is shown in a disassembled state to illustrate the relationship between parts.
